Test Name	Test Code	Effective Date
HSV 1 and HSV 2	L010	May 10, 2021
HSV 1	6351/J847	
HSV 2	6352/J848	
T. Pallidum	6354	
LGV	6356	
HSV 1 and HSV 2, T. Pallidum	Q301	
HSV 1 and HSV 2, LGV	P764	
Cervicitis Panel	Q265/L049	

The laboratory has reactivated previously suspended HSV and Lesion Panels under the test codes below. In an effort to simplify the number of test codes, all codes listed can accept any of the three specimen collection types (ThinPrep, SurePath, and Aptima Swab).

Test codes J847, J848, and L049 will be retired on September 1. If ordering individual HSV 1 or HSV 2 components using J847 or J848, please shift to using 6351 and 6352. If ordering the Cervicitis Panel using L049, please shift to using Q265.
