Patient Information *(U.S. Residents Only)*

Name (Last, First, Middle Initial)		Date of Birth (MM/DD/YYYY)
Email Address	Primary Phone Number	
Address	City	State
Accession Number or Account Number (if known)	Household Size	Household Income (pre-tax)

To see if you qualify for BioReference's Financial Assistance Program (FAP), we need to know your household size (the number of people who live in your home) and household income before taxes. Your total household income includes the following for ALL members of your household: Gross Salary (your wages), Unemployment Compensation, Disability and Worker's Compensation, Social Security and/or Supplemental (SSI) Benefits, Public Assistance (TANF, SNAP, etc.), Pension/Retirement, Dividends/Interest, Rents/Royalties, Unemployment or Worker's Compensation, Alimony, and/or other Assets.

Your health insurance company will determine what your member financial responsibility will be for the BioReference testing. This amount will be listed on the Explanation of Benefits (EOB) letter your health insurance company sends you (the EOB letter is not a bill). BioReference will then bill you based on the EOB member financial responsibility. If you are approved for FAP, we will discount your final bill from BioReference by the percentage listed in the table below for which you are eligible. The table is based on the 2022 federal poverty guidelines and will be updated as federal guidelines change annually.

Household Size	Discount Based On Household Income
