## Prior Authorization,

sometimes called precertification or pre-approval, is a process by which healthcare providers must obtain before a specific service is delivered to the patient to qualify for health insurance coverage.

GenPath, a division of BioReference Laboratories, Inc., is collaborating with Glidian: Glidian offers a platform that connects healthcare providers, laboratories, and health plans through a single electronic system to submit and track prior authorizations.

**Glidian will conduct prior authorization on behalf of registered healthcare providers.**

## To Register to Glidian:

**Step 1** Visit <https://www.glidian.com/provider> and complete the provider registration form

**Note:** Multiple NPIs can be entered using the + button

**Step 2** Review and Sign the agreement.

**Step 3** Download the fully executed agreement.

**Step 4** Multi-TIN: 48 hours after registering, you will receive a request in your **One Healthcare UHC portal to approve Multi-TIN access**. Registration is complete.

**If you need any assistance in registration, you may contact Glidian through any of the following methods:**

- Chat on [www.glidian.com](https://www.glidian.com) with the widget on the bottom right (8:30 AM - 5:30 PM PT)
